## CPC Yellow Pages Work

2010 was the first year that I advertised my business, Hutson's Welding, in the CPC phone directory. I never expected that my ad in this directory would lead to a \$19,000 job at the Clarendon Plantation, but that's exactly what happened. I couldn't ask for a bigger return on a \$510 ad and I must say that I'm now convinced that the CPC directory is the best way to reach potential customers.

Sincerely,

John Hutson
