"When I started my outboard motor repairing business over 13 years ago, all I had was a truck, a tool box, and an ad in the CPC Yellow Pages. CPC is the only advertising I have ever done and I stay completely booked. It seems to be working better now than ever. I received 199 calls directly from my ad during the first seven months of the 2015 directory cycle. The new 2015 Lowcountry Directory has already paid for my ad many times over. I recommend the CPC Yellow Pages."
